WELCOME TO HOPE NATION MEMBERSHIP
BUSINESS DIRECTORY

HOPE COMMUNITY CHURCH and HOPE NATION is a group of believers on a spiritual journey, actively seeking God and His instructions for our lives. Affectionately called "Hope Nation," we are compiled of different ideologies, strengths, weakness, and lifestyles. When we come together, we are a church who believes that Christ is Lord. We are committed to leading souls to Christ and accepting everyone. It is our differences and experiences that make being a follower of Christ so special. Rooted in Chicago's Austin community, we take responsibility for our community and provide services for those in need. The love and passion for people radiates beyond our four walls. Our doors and hearts are always open to you.

Our members are seasoned seniors, millennials, young professionals, youth and a wide range of baby boomers. Our unique congregation is diverse and kingdom-minded. Hope Church is a place where families thrive, grow in the Lord, and become more involved in ministry. Hope Community Church has produced generations of families that are excited about serving the Lord and carrying out their purpose.

OUR MISSION

Our mission is to spread the Gospel of Jesus Christ and equip others to do the same. We are dedicated to leading people to Jesus and nurturing their maturity in Christ. We encourage believers to develop a personal relationship with Christ, hunger for His Word, and display love to His people.

OUR VISION

The vision of Hope Community Church is to see the members so passionate about God's heart for people that we become more proficient in ministry, more involved in community, and more conscience in our maturity.

Let's connect and grow our businesses, together! The HOPE Business Directory serves as a central hub for HOPE NATION entrepreneurs to showcase their products and services.

For many believers, a business is a calling to serve God by providing goods and services that improve the lives of others. It is a way to be a good steward of the skills and resources that God has provided.

The entities listed are a part of a growing community of service minded professionals offering services, creativity, collaboration, and connecting within HOPE NATION. From creative and performing arts, food preparation services, whole self wellness, legal services and more, the HOPE Business Directory has it all. We encourage you to browse the listings to explore what's in the house at HOPE.
